Moose Family Center Qualified Guest Definition

Three classifications of a qualified guest

1. Prospective Member (male or female). 1st visit you are considered a guest. 2nd visit you are considered a prospective member. 3rd visit you must join or leave.
2. Immediate Family (see below)
3. Lady friend of a good standing lodge member or a gentleman friend of a good standing chapter member.

Moose Immediate Family Definition

Along with the IRS definition of "immediate family" we must remember what the private policy states (General Laws - pg 143): If the immediate family member comes in with a family member of the same gender and are the age of 21 or older, they are then considered a prospective member and no longer an immediate family member. For instance, if a Lodge brother brings in his son who just turned 21 he is no longer considered a family member, he is now a prospective member, however, if a Chapter member brings in the same son who just turned 21 he can come in as often as he wishes with that chapter member. The Chapter member cannot sign a male up as a member and vice versa a Lodge member cannot sign a female up as a member.

gimme five!

WHAT IS GIMME FIVE?

The Gimme Five Endowment Program gives us the opportunity as an organization to help secure the future of Mooseheart Child City & School and Moosehaven, City of Contentment.

All from five cents in the morning and five cents in the evening, or \$36.50 a year.

Your belief in our mission means a great deal as we move forward and we are pleased to recognize donors who have met and/or exceeded the 5-year donation. Each month distinctive pins are mailed to the donor as each 5-year level is attained, and the donor's name is posted in the respective levels; Wall of Fame, Tower of Fame and High Five.

We offer our heartfelt thanks to each of you as you continue to give to this most important program.

To donate go to www.mooseintl.org or see our Lodge
